NOTICE OF TEMPORARY CHESHIRE OFFICE STOPPAGE OF IN-OFFICE CLIENT-SERVICES

To be responsive to the recommendations of our National Coronavirus Task Force, and to be protective of the health and safety of our clients, their families, and our staff members, our Cheshire office is closed, starting March 15th, for in-office and most on-site client-services until further notice.

Our clinicians will communicate with each of our current clients to maintain our connections, to be supportive, and to offer **continued therapy services by Telemental Health**. HIPAA-compliant video and telephone sessions are available and covered, per State and Federal mandates, by your private, employee benefits, and State of CT health insurance policies.

We are available to do Intake Interviews, via Telemental Health, to begin to serve the needs of new clients.

We apologize for any additional anxiety that this temporary closure of our on-site services may produce, but it is intended to be part of our community-wide sharing and caring during this international Covid-19 pandemic. We look forward to continuing to be of support, help, and successful treatment for you, your family unit, and the community.
